Dear Friend of SLOCA,

In 2025 St. Louis Ovarian Cancer Awareness celebrated more than twenty years of serving our community. And while we honor our progress over the past 20 years, we acknowledge that there is still more work to be done.

Since our founding in 2002 the mission of SLOCA has remained the same; impacting ovarian cancer survivorship by promoting awareness of early warning signs and standards of care, funding ovarian cancer research, and supporting survivors.

Today SLOCA aims to raise awareness of the signs and symptoms of ovarian cancer through educational materials, and attendance at health fairs and community events – just like our founders 20 years ago. The organization has also expanded programs and initiatives to educate medical professionals through our participation in Survivors Teaching Students™, provide peer mentorship through the Woman-to-Woman program, and provide financial support to survivors through our Together in Teal Patient Need Fund.

We are honored to present you with the 2026 Living Out Loud Gala & Auction item solicitation packet and to invite you to share in the mission of SLOCA. Your item donation will have the opportunity to shine at our auction, held on **April 18, 2026**, at Meadowbrook Country Club, in front of 300+ guests including representatives from local corporations, healthcare systems, and more.

The annual gala is our largest fundraiser, meaning your support through an auction item donation allows SLOCA to continue our mission to impact ovarian cancer survivorship right here in St. Louis.

Please see the enclosed item donation form and note that we can arrange pickup for larger items. If you have any questions or would like more information on how your support can make the most impact please contact us at info@sloca.org.

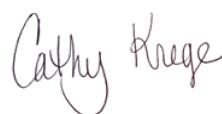

Our warmest regards,

Jannet Dieckgraefe
